## More Rheumatism Than Ever Before

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend Rheumatism is having his inning this year, and a few words of caution from one who knows all about it may not be amiss.  
Wear rubbers in damp weather, keep your feet dry, and avoid alcoholic drinks.  
If rheumatism gets you, or you have sharp twinges, gnawing pain or swollen joints or muscles, you can usually get rid of all agony in just a few days by taking one teaspoonful of Rheuma once a day.  
All druggists know about Rheuma: it's harmless, yet powerful; cheap, yet sure, and a 5-cent bottle will last a long time. E. A. Brown & Co. will supply you, with the understanding that it will rid you of all rheumatic pains or money back—adv.

## IT PUTS THE "PEP"

Into Peptiron—The Combination of Peppin, Nux, Iron, Celery.

This is what makes Peptiron of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, pale skin, nervous weakness and the exhausting worry and anxiety over the world war. It is a real iron blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.—Adv.

## SIMS REPRESENTED THE UNITED STATES

At First Conference Between Foch and German Delegation on the Presentation of Armistice Terms to Germany.

Paris, Nov. 9, 4:15 a. m.—Vice Admiral William S. Sims, commander of the American naval forces in the war zone, was present at the first interview between Marshal Foch and the German armistice mission yesterday. He is the American representative at Marshal Foch's headquarters.

## LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs."

"Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once."

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again.

You needn't coax your children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.  
Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

## RANDOLPH

The news of the surrender of Germany on Thursday night was greeted with great rejoicing and a great demonstration was given in the evening of the same day, only to learn that it was not true. The band was out; there were many people also who came out to witness the parade and the bonfire and other evidences of rejoicing, and it was a great disappointment to learn that the report was false. Among other parts of the evening's performance was the hanging of the Kaiser in effigy. Those participating in the observance call it a "dress rehearsal," and if so it is hoped that the final will appear soon.

Mr. and Mrs. Wilbur Fitts of North Reading, Mass., arrived here on Thursday and are passing several days with friends.

Kenneth Dickerman of East Granville, who has been a student at the high school here, left Tuesday night for Plymouth, N. H., where he has enlisted in the coast artillery.

Howard Holden, Clifford Jones, Clayton Jones and Earl Pullam went to Boston this week to enlist in the navy.

News has been received of the safe arrival of Ensign Fred Williams overseas. Mr. Williams is the son of Mr. and Mrs. J. H. Williams, who reside here.

Mrs. V. D. Fraser, who has been with her daughter, Mrs. G. A. Drew, two months, has gone to her home in Woodstock.

Miss Emma Flint, Miss Emma Harlow and Earl Shequin have gone to Burlington to begin study at the University of Vermont.

George W. Drew and Leon Drew were in Warren Monday to attend the funeral of their nephew and cousin, Walter Drew, who died Saturday of pneumonia, leaving a wife and seven small children.

The marriage of Miss Ida F. Bailey at Grace Episcopal church, Manchester, N. H., Oct. 28, to Walter B. Dermott of that city is announced. The bride is the adopted daughter of Mr. and Mrs. William Bailey and left here about a year ago following the death of her father. The ceremony was performed by Rev. George R. Hazard. Mr. and Mrs. Dermott will reside in Haverhill, where Mr. Dermott is employed by the Bancroft & Walker Shoe company.

## KAISER PRESENT AT CONFERENCE

With His Military Chiefs Received Courier's Message

LAST APPEARANCE AS SUPREME LORD

According to Many People in Washington, D. C.

Washington, D. C., Nov. 9.—Allied armistice terms were to-day being discussed at German grand headquarters, with an answer required by Marshal Foch before 11 o'clock Monday morning, Paris time. The courier carrying the text of the demands of the allied and American governments, according to unofficial reports, passed through the allied lines last night and was expected to reach the headquarters of the German high command early to-day.

Included among those attending the conferences of the German military chiefs was the Kaiser, reports said. By many here the meeting was considered as the last in which Emperor William will appear as the supreme war lord.

In the meantime the German armistice delegates, who yesterday were handed the terms and whose request for a provisional cessation of hostilities was denied by Marshal Foch, awaited the return of their courier. Even though the decision of the German military chiefs were made known at once, it was not considered possible that the courier could place the answer in the hands of the delegates before a late hour to-day.

Official Washington awaited the momentous result to-day with the same confidence and calm displayed during the last few days. The last state department dispatches told only of the meeting of the armistice delegates with Marshal Foch, but it was reiterated to-day there would be no delay in informing the nation as to the answer of the Germans once it is delivered.

## CONSUMED MUCH WINE.

German Officers Confiscated It in the St. Mihiel Sector.

With American Forces in France, Nov. 8 (Correspondence of the Associated Press).—Officers of the German army who occupied Thiaucourt until they were driven out by the Americans in the smashing of the St. Mihiel salient enlivened their stay in the little French village by consuming large quantities of French wines they confiscated from the cellars of the French proprietors. From the wine cellar of one Frenchman alone the Germans took 5,000 bottles of champagne, 10,000 quarts of red wines in bottles and drained 30 enormous casks each containing more than 6,000 quarts of various kinds of wine. The advance guard of the Germans helped themselves liberally to the wine. Later the greater part of it was shipped back to Germany as loot of the German army.

None of the civilians of Thiaucourt was ever searched for valuables and owing to this fact all of those who remained in Thiaucourt when the Americans entered the village still had jewelry and other articles of gold and silver. Many of the women had sewed material over the French gold pieces and wore them upon their outer clothing as buttons.

Many of the keepstakes and pieces of jewelry and French gold coins were offered to the Americans by the villagers as souvenirs, but the Americans refused to accept them.

The villagers said that two years ago the Germans stripped the churches of Thiaucourt of their bells and even took the metal of the pipe organs, all of which was shipped to Germany to be turned into material for war. The electric light plant likewise was dismantled of its machinery, and every bit of metal obtainable was sent back as fast as it could be assembled.

## OH! MY BACK!

The Expression of Many a Kidney Sufferer in Barre

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here is Barre proof:

J. H. Holt, carpenter, 14 Hillside avenue, says: "Last winter I caught a cold, which settled on my kidneys, and they began to act irregularly. I had stitch-like pains in my back and couldn't stoop over or do any lifting. One box of Doan's Kidney Pills straightened me up in good shape, and I haven't been bothered since."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Holt had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## Rutland Self-Restraint.

Rutland was easily out of the fashion Thursday afternoon. It didn't celebrate the "ending of the war" as did New York, Hydeville, Burlington and other centers of patriotism as well as knowledge of things that ain't so. The question is: Will these communities celebrate when the event really does take place or have they burned all their red fire and shouted themselves dumb over the false report. Rutland, be it said, will appropriately display its enthusiasm over Germany's abrupt surrender when it becomes a fact.—Rutland News.

## SPANISH INFLUENZA RAGES IN U.S.

Thousands of Cases Reported With Many Deaths.

## THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Greatly Helps To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported; Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza will probably spread all over the country in six weeks".

Practically every ship which touches our shores from abroad, brings those infected with the disease.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene". Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those who are "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a general tonic like "Fruit-a-tives". This wonderful fruit medicine is not a germ-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for \$2.50, trial size 25c or sent postpaid. 25c receipt of price by FRUIT-A-TIVES LIMITED, OGDENSBURG, N. Y.

French of South Main street, or to Mrs. Olive Pirie of the quarry district and receive the cartons furnished by the government for packing. Instructions are furnished with each carton and these must be followed exactly in preparing the packages for mailing. On Monday afternoon, Nov. 18, the committee will be at the Red Cross work rooms in frame's hall to inspect, weigh and wrap the parcels. No parcels can be received at the postoffice except through Red Cross channels and none can be received after Nov. 20. Please bear in mind that but one label is issued to each soldier and that no Christmas packages can be sent except under this label and prepared according to above instructions.

The amount is more than double what was raised here in the last Red Cross drive, a fact that gives everyone a line as to what his minimum contribution should be. Give twice what you gave before and some more, if the town is to go over the top. Let the "some more" be generous. We can do it, and we will.
